

## **Proposal for LMAG Track in TENSYP 2024**

IEEE Region 10 Asia and Pacific Flagship Event TENSYP 2024 is going to be organized by IEEE Delhi Section in the capital city of New Delhi, India, from September 27 to 29, 2024. Region 10 & IEEE Delhi Section are Financial Co-Sponsors and IEEE Societies, namely, Computer Society (Technical Community on Cloud Computing), Power and Energy Society, Industry Applications Society, Electron Devices Society, Control Systems Society, and Intelligent Transportation Systems Society are Technical Co-Sponsors for the event. Details of the conference can be viewed at the following website:

<https://ieeedelhi-tensymp2024.org/index.php>

LM track is planned in TENSYP 2024 and will consist of talks on LM & Benefits plus talks by LMs on topics of Life Members interest. It is proposed to have LMAG track for 4-6 Hrs duration (i.e. 8 to 12 presentations on 30 minutes each).

Speakers (Life Members) are invited to propose talk for LMAG Track.

LMAG chairs may please confirm if they will deliver talk and/or attend the TENSYP 2024 conference.

Chairs are also requested to broadcast this invitation to all LMs in their LMAGs.

The registration fee for LMs as speakers and as participants is the same as that for IEEE Student members. The registration fee details can be viewed at the following website:

<https://ieeedelhi-tensymp2024.org/registration-fees.php>

Please check the website for accommodation. The web link for accommodation will soon be available on the conference website.

Speakers are requested to convey the topic of the talk and send an abstract of talk in about 700 words confirming their participation in TENSYP 2024. These details are required for inclusion in the brochure/program schedule.

Looking forward to your prompt response.
